

Fair Campaign Practices Act

As a resident of our Jordan Towers it is important to know the Red Wing HRA's position on political campaigning. The Red Wing HRA follows the Fair Campaign Practices Act (MN Statute 211B.20) which requires that we allow candidates entry into our buildings for campaigning purposes.

Candidates are requested to contact the Red Wing HRA office to arrange a time to be let into the building and, if possible, a note will be posted alerting residents about the visit.

The candidate may wish to reserve a community room to have a space in which to speak with interested residents. Assuming the requested time does not conflict with any other scheduled use of the community room, this will be allowed. However, the Red Wing HRA will not provide any refreshments for such a meeting.

During the course of the campaign visit, residents are in no way obligated to allow candidates or any campaign workers into their individual units.

The Red Wing HRA requires that visits be made during reasonable hours.

The Red Wing HRA will not permit the posting of any signs, lawn signs, posters or other campaign material on Red Wing HRA property.
