From:	Jennifer Cook, Housing Director
Re:	Jordan Tower II Rent & Utility Allowance 2024

Background

Jordan Tower II is owned and operated by the Red Wing HRA. HUD provides funding and oversight for this project through a contract with Minnesota Housing Finance Agency (MHFA). The HRA is currently in a twenty-year Section 8 multi-year contract on this property. The renewal is under the terms of Section 524 (a)(4)(C) Mark-Up-To-Market, Option 1-B, Discretionary Authority. To renew funding for the contract, HUD requires the HRA to submit paperwork annually.

Rental Analysis

Under the HAP contract, rents will be determined from the Rent Comparability Study every five years. For the other years, the Operating Cost Adjustment Factor (OCAF) will determine the rents, which is published annually by HUD. The latest Rent Comparability Study was conducted in 2019, thus a Rent Comparability Study was completed January 2024.

Utility Analysis

It is required every three years to gather a sample of actual usage amounts to set a baseline. The last calculation of actual usage was conducted in 2022. For the other two years, the adjustment can be made from the Utility Allowance Factor (UAF), which is published annually by HUD. For 2023, the tenant paid utility allowances were determined by the UAF.

Proposed Action

Gross Rent

Red Wing HRA staff submitted the required paperwork to Minnesota Housing Finance Agency (MHFA). On January 26, 2024, MHFA approved the Section 8 New Construction rents and utility allowance adjusted to the following levels effective March 22, 2024:

Number of Bedrooms	Cont Re	tract ent	Uti Allov	lity vance	Gross	s Rent
	2023	2024	2023	2024	2023	2024
1	\$902	\$950	\$36	\$36	\$938	\$986
2	\$1,118	\$1,180	\$51	\$51	\$1,169	\$1,231

Jordan Tower II Rent & Utility Allowance 2024 Page 2

Impact to Tenants

This renewal increase does not change the amount of rent residents pay. Rather, it increases the amount of rent subsidy we receive from HUD. All Jordan Tower II tenants pay 30% of their adjusted income for their unit. Currently, there are four households paying the market rate rent. These households have been notified to contact the HRA staff if they feel that their rents would calculate to less than the contract rent. All tenants will receive the paperwork with the adjustments in February 2024 effective for March 22, 2024.

Impact to Budget

The increase rent potential is shown below.

2024 Yearly Contract Rent Potential	\$1,179,360
2023 Yearly Contract Rent Potential	\$1,119,600
Increased Rent Potential	\$59,760

Recommendation

Staff recommends to the HRA Board of Commissioners to approve: 1) increase Jordan Tower II one-bedroom contract rents to \$950 and two-bedroom contract rents to \$1,180; 2) make all changes effective March 22, 2024; and 3) authorize the Executive Director to execute all necessary documents.

Re: Executive Director's Report

Federal, State & Local Funding

We continue to monitor developments at all levels. On the Federal level we continue to wait for a budget to be passed so we have more certainty about funding of our programs without interruption. When a budget is agreed to and signed into law we expect to learn more about our request for a CDS grant for our Hill Street property. So far, we have been told it is included in the ask by both Senators.

We are working on completing our application for POHP money from the State for capital improvement projects at Jordan Tower I and our family public housing sites. The applications are due in early March. We will be applying for \$10 to \$12 million. There will be at least three rounds of funding and possibly four so we hope to get at least some of our projects funded. We should know more in July.

We are still waiting to learn more about the NOAH funding that we intend to apply for to make improvements to our Bluff View property. There is no word yet on when MHFA will be making that money available. In the past couple of weeks details about the AHTF match opportunity as well as the State funded voucher program have been trickling out of MHFA and we expect to take advantage of both opportunities.

Jordan Tower II HOME Loan Maturity

This item has now been completed.

HRA Workshop

Our workshop is set for March 12th at 2:00 PM in the Council Chambers. The topic of the workshop will be our Affordable Housing Trust Fund (AHTF). Materials for the workshop will be distributed to your prior to the meeting.

Small Cities Loan Servicing and Activities

There is one pending application at this time. Possible March Finance Committee and Board action item.

Affordable Housing Trust Fund Activities and Reserves

The Hallstrom project is still pending.

We are working with Bob Alleva on the closing process for his recently approved loan.

December reserves for AHTF are \$391,172

TIF (Housing) District No. 8

Completion of the construction of the final phase of the development is getting closer and the developer is hoping for a February 2024 opening. We will work with the developer to certify this last phase as they get closer to obtaining a certificate of occupancy and certify all their expenses on this last building. Payment of the current installment of TIF proceeds for the three completed phases has been made.

Housing & Redevelopment Related Update

Kurt attended the SE MN Housing Meeting in Winona in late January with Kyle Klatt, Community Development Director where we got updates from MHFA about new programs they will be rolling out in the coming year.

One of the programs may have potential for use with the former Associated Bank building that is undergoing a conversion to housing and retail space. The developer will assess the program to see if they think it is a fit for their project and timeline.
