Scattered Site Renovation Project

Notice #3- Bids & Funding Modification

In March 2026, the Red Wing HRA received bids from General Contractors for this renovation project. Unfortunately, the bids came in over the estimated budget. For the following few months, HRA and Minnesota Housing staff worked together to compile the actual budget amount needed for this project so we could request more funding.

The Minnesota Housing Board approved the request for more funding. Now that we can move forward with this project, staff is working on the required paperwork. While the exact start date remains unknown, staff will continue to provide updates as details are finalized.

We aim to minimize disruption for all residents while updating the buildings to keep housing available. However, you will still be impacted while work is being done on your units. There will be a period when you will need to be away from your unit.

The HRA takes pride in maintaining all units in good standing for our residents. We appreciate residents and families working together during this major renovation project.
